

Marset

Funiculi

Oberfläche

- noir
- blanc - crème
- jaune
- gris
- vert
- terracotta

Technical details

Pays de fabrication	 Espagne
fabricant	Marset
concepteur	Luis Porqueras
année	1979
protection	IP20
Contenu de la livraison	Leuchtmittel/ Bulb
matériel	aluminium, caoutchouc, Fer
couleur de câble	noir
longueur de câble	200 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	8 Watt
Diamètre de l'ombre	18 cm
Pied de lampe dimensions	25 cm
Dimensions	H 135 cm

Description

The Marset Funiculi is a new edition of a lamp designed in 1979. Luis Porqueras has always sought an absolute simplicity in his designs, doing away with everything superfluous to leave the essence of the useful, simple object. 30 years on, Funiculi remains highly contemporary, both in its purist forms and in its features. The name Funiculi comes from the concept of a "funicular" action – moving up and down. The mechanism for raising and lowering the lamp uses a pair of clips which make it very easy to change the height of the shade to meet the user's needs. The shade itself can be rotated through 360 degrees to point the light wherever it is required. The base of Funiculi is covered in rubber on the bottom, avoiding the cold contact between the metal and the floor and adding stability to the lamp. It is available in black, cream-white, green, terracotta, mustard yellow and moss grey.
