Description

The Foscarini Satellight Parete is a wall lamp consisting of two elements made of blown glass. The outer glass is conical and transparent. It is 29 cm high, 21 cm in width and 17 cm in depth. A spherical glass diffuser is integrated inside this element. The white glossy diffuser emits the light into the room without glare. At the same time, the downward open glass cone directs the light directly downwards. The lamp is operated with a G9 bulb.
