Contenu de la livraison	Leuchtmittel/Bulb
Profondeur en cm	15
matériel	acier Inoxydable, silicone
atténuation	dimmerable sur place
Dimensions	H 40 cm B 30 cm

Description

The Arturo Alvarez Cors CR06 wall lamp emits its light both upwards and downwards, where it forms a light cone. The painted stainless steel mesh shade of this wall lamp also allows a little light to escape through the material. This stainless steel mesh is a translucent and flexible metal mesh, which is then coated to the desired shape and structure. The Cors CR06 wall lamp by Arturo Alvarez is offered in the surfaces white and grey. On request, the lamp is also available in taupe and beige.

The wall lamp is also offered as G9 version or LED version. The G9 version has two G9 sockets and is operated with replaceable LED retrofits. The LED version is operated with a built-in LED and has a standard colour temperature of 2,700 Kelvin extra warm white. On request, the LED version is also available with 3,000 Kelvin warm white.
