## Bolle PL G

### Oberfläche

- transparent
- blanc

### Technical details

<b>Pays de fabrication</b>	 Italie
<b>fabricant</b>	Vistosi
<b>concepteur</b>	Barbara Maggiolo
<b>année</b>	2003
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	Leuchtmittel/Bulb
<b>matériel</b>	cristal verre, métal
<b>atténuation</b>	dimmerable sur place
<b>base/version</b>	E27
<b>Puissance (max. Watt)</b>	77 Watt
<b>Diamètre de l'ombre</b>	25 cm
<b>Dimensions</b>	H 30 cm

### Description

The Vistosi Bolle PL G is a ceiling lamp with a shade made of mouth-blown crystal glass. The balaton technique is used for the processing, whereby air bubbles are enclosed into the glass for a special texture. This texture multiplies the reflections on the surface of the shade and creates a halo effect on the ceiling around the lamp. The Bolle PL G ceiling lamp is available in crystal transparent and white. The metal parts of the lamp are satin nickel-plated in both versions. This light can be operated also with E27 LED retrofit lamps.
