exécution	-
Dimensions	H 20 cm

Description

The Vistosi Corner is a wall lamp that is ideal for mounting in a corner. Its lamp shade is made of mouth-blown glass and is 20 cm high. The depth is 18 cm. The light is emitted by the shade glare-free into the room, where some of the light also radiates through openings in the shade upwards and downwards to the wall. This Corner is in the colour amber glossy. This wall lamp can be dimmed on site and can be operated with halogen lamps or LED retrofits.
