Garota Hang

Aufhängung

- brun
- blanc

Technical details

Pays de fabrication	 Espagne
fabricant	Bover
concepteur	Alex Fernandez Camps
année	2015
protection	IP66
Contenu de la livraison	LED
matériel	polyéthylène, acier inoxydable, aluminium
couleur de câble	noir
longueur de câble	390 cm
réglage de la hauteur	hauteur déterminée
Puissance en Watt	8,4 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	1.122
La température de couleur en Kelvin	2.700 extra blanc chaud
Diamètre de l'ombre	27 cm
Hauteur de Abat	16 cm
remplacement des ampoules :	chez le fabricant / a l'usine
répartition de la lumière	indirectement

Description

The Garota Hang pendant lamp by the Spanish manufacturer Bover has a round lamp shade made of a weather-resistant, synthetic wickerwork. The light of the Bover Garota Hang is emitted directly downwards and through the wickerwork to the sides. The suspension is available in white or graphite brown. The lamp shade of the Bover Garota Hang has a diameter of 27 cm and a height of 16 cm. The lamp with white suspension has an ivory white lamp shade, the one with brown suspension has a brown shade. The metal surfaces of this lamp are painted with an epoxy-polyester lacquer and are therefore weatherproof. The Bover Garota Hang is weatherproof thanks to its IP66 rating and is also protected against UV radiation. This LED light comes with a black waterproof neoprene cable. The length of the plug lead, where the LED driver is integrated, is 390 cm. The Bover Garota Hang pendant light can be installed especially flexible in outdoor areas, as it does not require a ceiling outlet and is simply supplied with power via a plug lead, but is also perfectly suited as an indoor light. Rubber suspensions are used for easy suspension, making it easy to hang it in many different places (included in delivery).
