<b>Flux lumineux en lm</b>	4.900
<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H 15 cm   B 30 cm   L 30 cm

### Description

The Serien Lighting Reflex2 Ceiling M150 emits its light onto a prismatic reflector surface inside the lamp. From there, the light is reflected into the room absolutely glare-free. The reflector is available in matt white, gold, silver or white. Each reflector creates a different lighting effect with this ceiling light. The integrated LED has a colour temperature of 2700 Kelvin extra warm white.

On request, the Reflex2 Ceiling M150 is also available with 3000 Kelvin warm white or with Tunable White technology. With the lamp with Tunable White technology, the light can be controlled from incandescent warm to cool white. The ceiling light is also available Dali dimmable or with Casambi module.
