

Serien Lighting

Jones black

Schirmdurchmesser

- 34 cm
- 45 cm

Technical details

Pays de fabrication	 Allemagne
fabricant	Serien Lighting
concepteur	Uwe Fischer
protection	IP20
Contenu de la livraison	LED
matériel	aluminium, Textile, verre, verre borosilicate
réglage de la hauteur	réglable en hauteur
atténuation	Touchez gradateurs sur le bâton de lumière
Puissance en Watt	38 W
LED	y compris
Indice de rendu des couleurs	>97
Flux lumineux en lm	3.500
La température de couleur en Kelvin	2.700 extra blanc chaud
couleur de l'abat-jour	blanc
Hauteur de Abat	34 cm
Pied de lampe dimensions	33 cm
remplacement des ampoules :	sur le site meme

Description

This Serien Lighting Jones floor lamp can be continuously adjusted in height and thus used for different lighting. The lamp can be adjusted in height via two push button dimmers on the lamp rod. When the lamp rod is pushed upwards, the lamp can be used as a ceiling floodlight, as the light is mainly emitted to the ceiling. In the middle range of the height adjustment, the light is emitted diffusely into the room as well as directly downwards and upwards. When pushed down, most of the light is emitted downwards, ideal for a reading lamp.

The Jones floor lamp comes with an orange glass insert that can be easily inserted into the lamp shade if required. This illuminates the white lamp shade in colour. The lamp can be switched and dimmed via a third push button dimmer on the lamp rod. The lamp is available with two shade diameters: 34 cm and 45 cm. For both lamps, the shade is 34 cm high. The lamp with the smaller shade diameter is height-adjustable from 155 cm to 171 cm, the larger version from 152 cm to 172 cm. A replaceable LED is integrated as a light source if required.
