LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	3.190
La température de couleur en Kelvin	2.700 extra blanc chaud
hauteur totale	106 - 188 cm
Dimensions	H 3,5 cm B 1,6 cm L 95 cm

Description

The Knapstein LINN-95 pendant lamp has a length of 95 cm. Its total height can be adjusted between 106 cm and 188 cm with stoppers on the ropes. When switched on, the lamp must not be adjusted. For height adjustment, the shells are pressed in at the bottom of a stopper, then the rope can be pushed or pulled to the desired height.

The light is emitted by the LINN-95 both upwards and downwards. The uplight and the downlight can be switched and dimmed separately by gesture control. The sensor area for gesture control is located centrally at the bottom and top of the lamp. The light is switched on or off by a wiping hand movement in the sensor area. The lamp can be dimmed continuously by holding the hand in the sensor area for a longer period of time. The last light intensity setting is saved by the memory function and automatically selected the next time the light is switched on.

This pendant lamp is available in matt nickel. In addition to this LINN, the series also includes pendant lamps with a length of 68 cm, 128 cm or 161 cm and with height adjustment by lifting or pulling the lamp itself (LINN-L).
