### Description

The Foscarini Madre is a table lamp with a lamp shade of hand-blown, etched glass. An opal borosilicate glass bowl is inserted into the glass, which can be filled with dry branches. Liquids must not be poured in. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as a light source. The light is emitted glare-free through a diffuser made of opal polycarbonate. A touch dimmer is located on the supply line. The table lamp is switched on or off by briefly pressing the dimmer once. With longer pressing the light can be dimmed in three steps. The Madre table lamp is 36 cm high in total and has a diameter of 35 cm at its widest point.
