Description

The rectangular LED wall lamp SLV Eskina Frame WL is 11.5 cm wide, 18 cm deep and 7.3 cm high. The rotatable lamp head inside the anthracite-coloured LED lamp made of aluminium ensures a flexibly adjustable light output. If required, the colour temperature of the Eskina Frame WL can be changed from 3000 Kelvin warm white to 4000 Kelvin white using a switch (CCT Switch) integrated in the lamp. With IP65 protection, SLV's Eskina Frame WL is ideal as an outdoor light, as it is dust-tight and protected against water jets from any angle.
