Description

The Grupa Arigato Ceiling 45 is a ceiling lamp with a rotating and swivelling joint arm. This joint arm consists of two parts, each with a length of 70 cm. The aluminum lamp shade has a diameter of 45 cm and can be rotated by 360 degrees as well as swivelled by 115 degrees. Thanks to a diffuser at the bottom of the lamp shade, the light is emitted downwards without glare. The Arigato Ceiling 45 is available in the surfaces black or white matt powder-coated. It is offered in other finishes on request. The lamp has an E27 socket that can be operated with halogen lamps or LED retrofits.
