

Bomma

Pebbles Pendant Large Configuration 3-4-5

Version

- gris
- vert
- rouge

Technical details

Pays de fabrication	 Tchéquie
fabricant	Bomma
concepteur	Boris Klimek
protection	IP20
Contenu de la livraison	LED
Diamètre en cm	30
matériel	cristal verre, métal, Textile
couleur de câble	noir
longueur de câble	250 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmable sur place avec commande gradateur de phase inverse
Puissance en Watt	25,5 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	3.800
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	27 cm
Dimensions	H 118 cm Ø 30 cm

Description

The Bomma Pebbles Pendant Large consists of four differently shaped glasses. With this pendant lamp, three of the four glasses are always in the same colour combination. The third glass from the top is offered in the versions light grey, red or green. The other glasses have these colours in all three versions:

- the top glass is light grey
- the second from the top is white
- the lowest glass is black.

If desired, the four glasses of the lamp can also be arranged in a different order. Each glass is made individually from mouth-blown crystal glass. With traditional glassblowing, small bubbles or irregularities may appear in the glass; these are signs of this handcrafted art. During the production process, clear crystal glass is mixed with coloured glass so that the glass colour is particularly long-lasting. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable can be shortened if necessary and is also available in special lengths on request. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white. The Pebbles pendant lamp is also offered by Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
