

Bomma

Pebbles Pendant Large Configuration 6-7

Version

- rouge
- noir

Technical details

Pays de fabrication	 Tchéquie
fabricant	Bomma
concepteur	Boris Klimek
protection	IP20
Contenu de la livraison	LED
Diamètre en cm	26
matériel	cristal verre, métal, Textile
couleur de câble	noir
longueur de câble	250 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	25,5 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	3.800
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	27 cm
Dimensions	H 118 cm Ø 26 cm

Description

The Bomma Pebbles Pendant Large consists of four differently shaped glasses. Three of the four glasses of this pendant lamp are always in the same colour combination. The second glass from the top is offered in the versions black or red. The other glasses have these colours in both versions:

- the top glass is light grey
- the third glass from the top is white
- the lowest glass is black.

If desired, it is also possible to arrange the four glasses of the lamp in a different order. Each glass is made individually from mouth-blown crystal glass. With traditional, hand-blown glass, there may be small bubbles or irregularities in the glass. During production, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly long-lasting. As each glass is individually hand-finished, the colour intensity and shade may vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable has a maximum length of 250 cm and can be shortened if necessary. On request, the pendant lamp is also available in other cable lengths. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. Bomma also offers the Pebbles pendant lamp in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
