

LDM

Wyng Wall 6 Cube

Oberfläche

- bronze
- argent
- blanc

Dimmbarkeit

- gradable avec variateur à coupure de phase et à commande de phase
- avec module Casambi

Technical details

Pays de fabrication	 Allemagne
fabricant	LDM
concepteur	Lasch + Prillwitz
protection	IP20
Contenu de la livraison	LED
matériel	aluminium, verre acrylique
Puissance en Watt	32 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	3.232
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	B 60 cm L 60 cm

Description

The LDM Wyng Wall 6 Cube is a wall and ceiling lamp with a hexagonal lamp shade. Its shade has a width and length of 60 cm each. It consists of transparent acrylic glass and is printed with a precise square pattern on the inside. The light source is an integrated LED with a colour temperature of 2,700 Kelvin extra-warm white, which emits 80 % of its light directly to the front. The rest of the emitted light is distributed indirectly at the wall or ceiling by the square screen-printed motif.

The Wyng Wall 6 is available with a wall bracket in white, silver metallic and bronze finishes. The wall and ceiling lamp is offered in two versions: dimmable on site with a trailing edge and / or leading edge phase dimmer or with an integrated Casambi module. With a Casambi module, it is possible to operate the light by smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the possibility of regulating several suitable lamps in groups. On request, the lamp is also offered DALI dimmable. In addition to this Wyng, LDM also offers a wall and ceiling lamp from the lamp series with a dot pattern on the acrylic glass.
