

Gera Leuchten

Avion Floor Lamp

Oberfläche

- aluminium
- noir
- blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	Gera Leuchten
protection	IP20
Contenu de la livraison	LED
matériel	aluminium
longueur de câble	200 cm
atténuation	Micro bouton pour allumer la lampe
Puissance en Watt	26 W
LED	y compris
Flux lumineux en lm	1.260
La température de couleur en Kelvin	2700 - 6000 réglable
remplacement des ampoules :	sur le site meme
Dimensions	H 180 cm

Description

The Gera Leuchten Avion is a floor lamp with a height of 180 cm. An LED with a power of 26 watts is integrated in the round lamp rod of the Avion by Gera Leuchten. The lamp has a 2 metre long connection cable with integrated foot switch. With its curved profile cross-section, the Gera Avion floor lamp is reminiscent of the gentle wing shape of a bird. This lightness in design is reflected in its operation: the lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated microswitch. The lamp is available in anodised aluminium, black or white lacquer. It is designed as a reflected wallwasher and illuminates the room, even in front of large curtains.
