<b>Puissance (max. Watt)</b>	75 Watt
<b>couleur de l'abat-jour</b>	blanc
<b>hauteur totale</b>	38 cm
<b>Dimensions</b>	B 27 cm

### Description

The Domus Plan B is a table lamp with a wooden base that is optionally available in the surface beech or beech maroon oil. The lamp base of this table lamp is surrounded by a white lampshade made of Lunopal. Lunopal is a high-quality shade material that was developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The completely environmentally friendly material is UV-resistant, washable and does not yellow. Sometimes less is more. Two shade halves fixed with a wooden latch, and the PLAN B table lamp is ready. Its timeless and unobtrusive design makes it suitable for almost any living situation. This lamp is 26.5 cm wide and 37.5 cm high. There is an on/off switch on the supply line of the lamp. The table lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
