Loop Table Lamp

Oberfläche

- aluminium
- Hêtre
- chene
- noyer

Technical details

Pays de fabrication	 Allemagne
fabricant	Domus
concepteur	Stefan Wehrmann
année	2006
protection	IP20
Contenu de la livraison	Leuchtmittel/ Bulb
matériel	aluminium, bois, Lunopal
atténuation	dimmerable sur place
base/version	G9
Transférabilité	sur la conduire
Puissance (max. Watt)	48 Watt
couleur de l'abat-jour	blanc
Diamètre de l'ombre	14 cm
hauteur totale	45 cm

Description

The Domus Loop is a table lamp with a twisted, white lampshade made of Lunopal. Lunopal is a high-quality shade material that was developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The lampshade of the lamp can be turned into different positions. The base is available in walnut, beech, aluminium and oak. The lamp rod of the Loop table lamp is made of aluminium in all versions. There is an on/off switch on the supply line of the lamp. The 45 cm high lamp has a G9 socket and can be operated with all standard lamps (halogen, energy-saving lamps or LED). The white lampshade of the Domus Loop has a diameter of 14 cm.
