Description

The Pili PL04-Mini by Arturo Alvarez is a pendant lamp that consists of a white lacquered stainless steel thread. This stainless steel thread is interwoven and creates random shapes and volumes. The cable of this white pendant lamp can be shortened if necessary, the total height of the lamp is 150 cm maximum. The Pili PL04-Mini has a diameter of 30 cm. This lamp has an E27 socket and can be operated with LED retrofit bulbs.

The Pili Mini pendant light consists of a single thread of lacquered stainless steel that intertwines, creating random volumes without order, forming a harmonious and enveloping irregular shape full of charm and mystery. This thread, through which the light emerges, is handmade in Spain.
