#### Description

The B.Lux Bowee W2 is an LED wall lamp with two hemispherical lamp shades. Both lamp shades can be rotated separately by 340 degrees, allowing the light to be redirected at any time. In this way, the lamp shades can be adjusted so that one shade emits light upwards and one downwards or both to different sides.

The Bowee W2 is available in the following surfaces: beige, clear turquoise, Metallic english bronze and black. Metallic english bronze is a dark green shade. The lamp shades of the Bowee each have a diameter of 14 cm. In total, this wall lamp is 10 cm high and 33.5 cm wide. It has a total depth of 16 cm. The wall mounting is 6 cm high and 33.5 cm wide. Two LEDs with a colour temperature of 2,700 Kelvin extra warm white are included as illuminants.
