### Description

The wooden rings of the Domus Cloq table lamp are stained black on the outside and natural on the inside. Through an ingenious layering and off-centred shifting of several rings, an exciting light object is created. The high-quality craftsmanship and the sustainability of the material wood, which are characteristic for Domus, make the heart beat faster. The complex geometry of the lamp creates a fascinating play of light and shadow on the wall. The table lamp is 42 cm high and has a diameter of 30 cm. There is an integrated dimmer on the cognac brown supply cable.
