

Domus

Kioto 6

Technical details

Pays de fabrication	 Allemagne
fabricant	Domus
année	1989
protection	IP20
Contenu de la livraison	LED
matériel	bois, Lunopal, métal
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	28 W
LED	y compris
Indice de rendu des couleurs	>80
Flux lumineux en lm	4.200
La température de couleur en Kelvin	3.000 blanc chaud
Dimensions	H 8 cm B 36 cm L 68 cm

Description

The Domus Kioto 6 is 68 cm long and 36 cm wide. Its height is 8 cm. Its lamp shade is made of Lunopal, a high-quality material that Domus has developed for its lamp shades. It is reminiscent of fine Japanese paper, is particularly environmentally friendly and does not fade. The white transparent lamp shade is surrounded by a wooden frame made of beech. The Kioto 6 can also be used as a wall lamp and can be mounted as a surface-mounted or recessed lamp. It is operated by a powerful, dimmable LED and has a colour temperature of 3,000 Kelvin warm white. A beech covering frame is available as an optional accessory, which can be used to cover the metal bracket of the lamp.
