### Omschrijving

The Catellani & Smith Sorry Giotto 3 is a floor lamp with a lamp body of three rings. It has efficient, dimmable LED technology. Enzo Catellani designed this floor lamp in the year 2012 with a base and a lamp rod in waxed iron. The three ring-shaped light bodies made of copper are carefully painted blue by hand.

The lamp uses 16 modern 1 Watt LEDs with a colour temperature of 2,700 Kelvin extra warm white and 1.600 lm. These LEDs can be changed if needed. A dimmer is also included. The Sorry Giotto collection belongs to the family Eco Logic Light. In this large group modern, energy-saving LED lights are summarized which are regarded as particularly environmentally friendly and energy-saving.
