Omschrijving

The Giulietta T USB made by Catellani & Smith is equipped with a USB adapter which allows to charge the battery of the table lamp also on PC or notebook. In this way, it can also be used independently of the power grid. The table lamp is available in two versions. Both versions have a black lamp base, rod and arm. A black or a ring in metallic colours is offered as a lamp head of the table lamp. In any case, the light has a touchless dimmer at the lamp head for setting the desired light brightness. There are possible three different levels of light intensity.

The lamp base is square and has the dimensions of 7 x 7 cm. The shade has a diameter of 10 cm and is made of metal. The lamp has a flexible arm, so that the light distribution can be changed anytime. All the lights from this collection are part of the Eco Logic Light lights, LED lights with the aim to preserve the environment and to be special energy efficient.
