Omschrijving

The Foscarini Plass Media Sospensione is a pendant lamp with an oval lamp body. This is available in light blue or grey. The light is slightly shimmering. The polycarbonate diffuser is formed in a rotation procedure. The two halogen lamps with a different maximum wattage emit light into the room and straight down. This light is the smaller one of two single pendant lamps of this series.

The inner frame of Plass Media Sospensione is made of brushed aluminum, the suspension cable made of stainless steel. The electrical cable is transparent while the canopy is provided with a strap made of galvanized metal and a cladding made of chromed, shiny metal. The diameter is 34 cm with a height of 50 cm. The cable length is 320 cm. On request, also a lamp with a longer cable is offered.
