Omschrijving

The Ingo Maurer Kokoro table lamp is manufactured in elaborate handwork, so that each lamp is a real one-of-a-kind. Ingo Maurer and his team were inspired by the Japanese sculptor Isamu Noguchi and then developed the lighting collection The MaMo Nouchies, which also includes this lamp. In several work processes, the lampshade is brought in the final shape by folding and pulling. The table lamp emits room light. An adjustable mirror reflects the light, creating a small heart on the wall. The lamp has an integrated LED and is infinitely dimmable via a dimmer on the supply line.
