

Vibia

Algorithm 0820

Oberfläche

- graphite grey
- wit

Technical details

Land van fabricage	 Spanje
fabrikant	Vibia
ontwerper	Toan Nguyen
jaar	2015
bescherming	IP20
Omvang van de levering	LED
Diameter in cm	9
materiaal	aluminium, glas, polycarbonaat, staal
hoogteverstelling	hoogte bepaalbaar
dimmen	1-10V dimbaar
Wattage	3,15 W
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	312
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	19 cm
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	200 cm
Dimensions	H 39 cm Ø 9 cm

Omschrijving

The Vibia Algorithm 0820 is a single pendant lamp. It consists of a ball of blown glass with a diameter of 9 cm. The lamp has a height of 39 cm. It is available with two surfaces for glass mounting: graphite-grey and white matt. The glass mounting is made of aluminum, the diffuser made of polycarbonate and the canopy made of steel. The cable is height determinable.

The lamp is delivered with a build-up canopy, on request it is also available with a built-in canopy. The Algorithm 0820 was developed by the Paris-born designer Toan Nguyen. He was inspired by geometrical patterns from nature. An LED with a power of 3.15 watts as well as a colour temperature of 2,700 Kelvin extra warm white is included. On request, the lamp is also offered with 3,500 Kelvin white. The LED is on site dimmable at 1-10 volt. It can also be dimmed on site with DALI or Push. On request, a version is also available which can be dimmed via a smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
