### Omschrijving

The Ingo Maurer Birdie LED pendant light has twelve bendable and extendable light arms that can be adjusted flexibly. Each arm has an integrated LED light source in classic incandescent shape. Each LED has a power of 1.5 watts at a colour temperature of 2,700 Kelvin extra warm white. Goose feathers are attached to the lampholders, which gives the lamp an extraordinary appearance. The pendant light is offered with one red or transparent cable. The canopy has an integrated transformer.
