Omschrijving

The Oluce Recuerdo 284 table lamp has an oval shade made of transparent, mouth-blown glass. The glass shade is equipped with a high-quality rhombic look, which is reminiscent of a crystal and emits the light glare-free into the room. At the same time, this rhombic optic creates light reflections. The lamp base is made of anodized aluminum. The transparent cable has an on / off switch. An LED with 12 watt output and a colour temperature of 3,000 Kelvin warm white is included.
