

Vibia

Mayfair 5525

Oberfläche

- graphite grey
- koperen
- goud
- wit

Technical details

Land van fabricage	 Spanje
fabrikant	Vibia
ontwerper	Diego Fortunato
jaar	2016
bescherming	IP20
Omvang van de levering	LED
Diameter in cm	30
materiaal	polycarbonaat, staal
hoogteverstelling	hoogte bepaalbaar
dimmen	1-10V dimbaar
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	2.027
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	16 cm
prestaties van het systeem	1 x 2,4 + 1 x 12,6 Watt
totale hoogte	200 cm
Dimensions	H 6 cm Ø 30 cm

Omschrijving

The Vibia Mayfair 5525 pendant lamp emits most of the light directly downwards. Only a very small part of the light is emitted upwards and reflected from the wall or ceiling. With this pendant lamp the designer Diego Fortunato updates the design of pendant lamps over billiard tables in a fresh and innovative way. The lamp is available in the following surfaces: graphite grey matt lacquered, gold satin matt, white matt lacquered and copper satin. The pendant lamp cable can be shortened if required. The light can be dimmed by the customer with 1-10 volt or Push and is also available on request as a DALI dimmable or with Casambi module dimmable version. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. The Casambi technology also offers the option of switching the light on at specific times via a timer. On the Mayfair 5525, the shade is opaque and made of steel. In addition to this light there is also offered the Mayfair 5520 from the series with a translucent shade of methacrylate and other surfaces.
