Wattage	9 W
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	1.269
Kleurtemperatuur in Kelvin	2.700 extra warm wit
Dimensions	H 195 cm

Omschrijving

The Vibia North 5630 wall lamp has a wall bracket and a light source which are physically separated from each other. A lamp arm is stretched out from the wall bracket, at the end of which a lamp shade with a cable is suspended. The height of the lamp shade can also be adjusted as required after installation. The lamp arm can be swivelled, so that the light can be constantly redirected. This wall light is available in the surfaces blue, beige, black and white. All versions are matt lacquered. The North 5630 can be installed with or without plug. It is regulated by a dimmer on the wall bracket.
