| <b>Dimensions</b>                 | H 175 cm   L 250 cm  |

### Omschrijving

The Vibia North 5635 is a wall lamp with a separated wall bracket and light sources. Two arms of different lengths are stretched out from the wall bracket, to each of which a lamp shade is attached by cable. The two lamp arms can be swivelled, so they can be readjusted again and again. The height of the lamp shades can be individually adjusted. The wall lamp is available in the surfaces white, black, blue and beige. All versions are matt lacquered. It is possible to connect the North 5635 with or without plug. The light can be regulated via a dimmer on the wall bracket.
