Omschrijving

The Stilnovo Tablet PX is a rectangular pendant lamp, slender and minimal, with three swivel modules arranged in series. Body in aluminum painted white or black, the LED sources are housed in swivel brackets, also in aluminum (with polycarbonate diffuser) that allow the choice of the orientation of the light, direct or indirect, guaranteeing control at 350 degrees. Steel cables also act as conductors, for an even more minimal appearance, and can be accentuated from the canopy and fixed to the ceiling using special fittings (included). This rectangular and slim lamp is on site dimmable. With an optional Casambi module, the pendant lamp can also be dimmed via Smartphone App.
