

Catellani & Smith

Ciclotalia F

Technical details

Land van fabricage	 Italië
fabrikant	Catellani & Smith
ontwerper	Enzo Catellani
jaar	2018
bescherming	IP20
Omvang van de levering	LED
materiaal	glas, messing
dimmen	geïntegreerde dimmers
Wattage	5 W
LED	inclusief
Kleurweergave-index	80
Lichtstroom in lm	600
Kleurtemperatuur in Kelvin	2.700 extra warm wit
kandelaar Dimensions	lengte 21, breedte 21 cm
bulb vervangen:	bij de fabrikant / fabriek
Dimensions	H 140 cm

Omschrijving

The Catellani & Smith Ciclotalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
