

Catellani & Smith

Lola T

Technical details

Land van fabricage	 Italië
fabrikant	Catellani & Smith
ontwerper	Enzo Catellani
jaar	2018
bescherming	IP20
Omvang van de levering	LED
Projectie in cm	42
materiaal	koperen, messing
dimmen	cord dimmer
Kleurweergave-index	80
Lichtstroom in lm	420
Kleurtemperatuur in Kelvin	2.700 extra warm wit
kandelaar Dimensions	lengte 10, breedte 10 cm
bulb vervangen:	bij de fabrikant / fabriek
prestaties van het systeem	3 x 1 Watt
Dimensions	H 40 cm

Omschrijving

The Catellani & Smith Lola T is a table lamp with a flexible adjustable arm. The maximum projection is 42 cm. The light rod, the light arm as well as the light base are completely made of untreated brass, which can change in the course of time by an intended oxidation effect. The lamp head is made of copper and contains three integrated, replaceable LEDs. The light can be switched and dimmed via a dimmer on the cable. With a memory function, the last set brightness of the table lamp is automatically selected again the next time it is switched on.
