Omschrijving

Vibia offers with the Musa 7400 a table lamp. The aluminum disc captures the light from the small glass sphere and transforms it into a soft illumination. Created by Note Design Studio, Musa is a lamp of organic qualities that attracts the eye due to its lighting function. A delicate and elegant design where a symbiotic interaction is established between the small hand blown opal glass sphere and the disc that holds and reflects it. This table lamp is connected with a plug. The surfaces pink, beige and white are available. All surfaces are matt lacquered. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.
