

Vibia

Palma 3724

Oberfläche

- graphite grey
- wit

Technical details

Land van fabricage	 Spanje
fabrikant	Vibia
ontwerper	Antoni Arola
jaar	2018
bescherming	IP20
Omvang van de levering	LED
Diameter in cm	22
materiaal	aluminium, glas, polymethylmethacrylaat
hoogteverstelling	hoogte bepaalbaar
dimmen	1-10V dimbaar
LED	inclusief
Kleurweergave-index	>90
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luiifel Dimensions	25 cm
prestaties van het systeem	2 x 4,6 Watt
Totale lichtstroom in lm	868
totale hoogte	250 cm
Dimensions	Ø 22 cm

Omschrijving

Nature takes control of the space for the Vibia Palma collection. With the pendant lamps, the interior ambience takes on a life of its own with the possibility of integrating plants with the lighting compositions. Antoni Arola considers Palma pendant lamp as if it were a landscape project that will be transformed over time, once the designer has finished the first part of the job. The capacity for Palma to create ambience within an interior setting increases with its growth like a luminous hanging garden. The classic globe, slightly flattened here evolves towards a more organic form and the suspended version with an almost imperceptible cable support accentuates the floating sensation.

The Palma 3724 is available in graphite-grey and white, both surfaces are matt lacquered. The cables of the lamp can be shortened if required. On request, the pendant lamp is also available with a special cable length. The built-in LEDs have a colour temperature of 2,700 Kelvin extra warm white and are also on request offered with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white. The pendant lamp can be dimmed by the customer with 1-10 volt or Push; on request there are also on offer versions that can be dimmed by DALI or that can also be dimmed by Smartphone App with an optional Casambi module. The lamp with Casambi module can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
