

Marset

Funiculi Fabric

Oberfläche

- zand
- wit

Technical details

Land van fabricage	 Spanje
fabrikant	Marset
ontwerper	Lluís Porqueras
jaar	2018
bescherming	IP20
Omvang van de levering	LED 230 Volt
materiaal	ijzeren, polyester, rubber
kabel kleur	zwart
kabellengte	200 cm
dimmen	dimbaar op locatie
base/versie	E27
schakelbaarheid	aan de lijn
Wattage	8 W
LED	inclusief
Schaduw diameter	33 cm
schermhoogte	28 cm
kandelaar Dimensions	30 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 158 cm

Omschrijving

The Funiculi is one Marset's most emblematic lamps. Its design is over 30 years old, but is still just as modern and functional as the day it was designed. With its direct or indirect light, easily adjustable height and variety of bright and subdued colours, the series leaves little room for innovation. Yet there's one avenue that remains unexplored. Heir to the first floor lamp is the Funiculi Fabric with a fabric shade, a design that Lluís Porqueras first conceived in 1979 but that is only 2018 seeing the light of day. Respecting the initial design to the fullest, only its proportions have been updated. In this new version, the cloth on the shade unlocks the light, allowing it to filter through and better illuminate the space. It shares the same structure as the original, so you can easily adjust the lamp to your desired height. The essence of both lamps continues to be their simplicity, but the new design is chic and classical, perhaps even more sophisticated than the original. This floor lamp is available with a shade in white and sand, base and rod are always made in black lacquered iron.
