### Omschrijving

The Anglepoise Type 75 Margaret Howell Floor Lamp is a floor lamp with flexible arms. Its arms can be adjusted again and again by means of spring technology and thus retain their selected position at any time. The lamp shade can be rotated and swivelled. The Type 75 Margaret Howell floor lamp is a new interpretation of the classic Type 75 floor lamp and is available in the surfaces ochre yellow, sienna and saxon blue. The lamp arms as well as the lamp shade and the lamp base are in the corresponding surface. The on/off switch is integrated on the supply line. Compact fluorescent lamps or LED retrofit lamps are suitable as light sources.
