### Omschrijving

The Vistosi Baco SP P pendant lamp has a lamp shade made of mouth-blown Murano glass. The shade has a colour gradient from pure white to transparent. It is 29 cm high and has a diameter of 12 cm. The metal parts of the lamp are satin nickel-plated. The light from this pendant lamp is emitted directly downwards and at the same time glare-free into the room. The Baco SP P can be operated with halogen lamps or LED retrofit lamps. The suspension cable can be shortened if necessary. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet.
