

Arturo_Alvarez

Aimei

Technical details

Land van fabricage	 Spanje
fabrikant	Arturo_Alvarez
ontwerper	Arturo Alvarez
jaar	2019
bescherming	IP20
Omvang van de levering	LED
materiaal	glas, hout, staal
kabel kleur	transparant
hoogteverstelling	hoogte bepaalbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
Wattage	8 W
LED	inclusief
Lichtstroom in lm	960
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luifel Dimensions	12 cm
totale hoogte	200 cm
Dimensions	H 80 cm B 80 cm L 80 cm

Omschrijving

The Arturo Alvarez Aimei pendant lamp is made of ash wood. Ash wood is a particularly flexible and versatile material. By means of handcrafted processes, curved and durable surfaces can be produced using this resistant and high-quality material. A spherical glass diffuser reduces glare and spreads the emitted light homogeneously through the spaces between the wooden rods into the room. The lamp is a total of 80 cm high. It has a length and a width of 80 cm each. The pendant lamp is attached to a transparent cable. The nickel-plated steel canopy has a diameter of 12 cm. Including the suspension, the lamp has a total height of 200 cm, the cable can be shortened if required. The light source integrated in the Aimei is an LED with a colour temperature of 2,700 Kelvin extra warm white, which can be dimmed on site with a trailing edge phase dimmer. The pendant lamp is also available on request with a colour temperature of 3,000 Kelvin warm white. A DALI dimmable version is also available on request.
