materiaal	aluminium, staal
dimmen	dimbaar op locatie met faseafsnijding dimmer
Wattage	18 W
LED	inclusief
Kleurweergave-index	95
Lichtstroom in lm	2.200
Kleurtemperatuur in Kelvin	2.800 warm wit
Dimensions	H 16 cm Ø 22 cm

Omschrijving

The Cini & Nils Passepartout wall lamp has an LED on the back of its ring. This causes the light to be transmitted indirectly to the wall behind the lamp, from where it is partly reflected into the room. The ring has a diameter of 22 cm and is mounted slightly inclined. The Passepartout wall lamp is available in the following versions: white matt, black matt, chrome polished and gold polished. All versions except the gold version have a wall bracket made of diamond-polished aluminum. The gold version is supplied with a matt brass wall bracket. The light can be dimmed on site with a trailing edge phase dimmer. With an optionally available Casambi module, the wall lamp can be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. A cover plate for the junction box is available as an accessory.
