Omschrijving

The Cini & Nils Assolo 70 pendant lamp consists of a ring with a diameter of 70 cm. An LED on the inside of the ring illuminates the lamp itself, creating light and shadow effects on the lamp. The ring is available in white, black and gold matt. The cables can be shortened if required. An LED with a colour temperature of 2,800 Kelvin warm white is integrated. The Assolo 70 pendant lamp can be dimmed on site with a trailing edge phase dimmer. With an optionally offered Casambi module it is also possible to dim the light via Bluetooth using a smartphone / tablet.
