Wattage	20 W
LED	inclusief
Kleurweergave-index	>97
bulb vervangen:	ter plaatse zelf
Dimensions	H 11 cm Ø 22 cm

Omschrijving

The Serien Lighting Curling Ceiling Acryl clear M has a diameter of 22 cm and is 11 cm high. This ceiling light is available with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. The version with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is perceived as pleasant. The light becomes darker when dimmed down and also changes its colour temperature. The colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white. The Curling Ceiling Acryl clear S with a shade diameter of 16 cm is also available from the series.
