Omschrijving

The Serien Lighting Drum Suspension Tube M Short can be individually set in its total height when installed. Its hand-blown glass has a diameter of 22 cm and a height of 13 cm. This pendant lamp is offered with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with Dim to warm function. The lamp with dim to warm function imitates the pleasant dimming behaviour of classic incandescent lamps. When dimmed down, the light not only becomes darker, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white.
