The SML2 wall lamp is offered with different lamp covers: With the lamp covers, it is possible to either scatter the light upwards and downwards (satinée / satinée) or to scatter it in one direction and, depending on how the lamp is fixed, to dim it downwards or upwards (satinée / raster). The SML2 Wall 220 Black is available with a colour temperature of 2,700 Kelvin extra warm white or with 3,000 Kelvin warm white. The integrated LED can be replaced on site if required.
