| <b>luifel Dimensions</b>          | 11 cm  |
| <b>Schaduw diameter</b>           | 18 cm  |
| <b>schermhoogte</b>               | 13 cm  |
| <b>bulb vervangen:</b>            | bij de fabrikant / fabriek   |
| <b>lichtverdeling</b>             | direct   |
| <b>totale hoogte</b>              | 200 cm   |

### Omschrijving

The pendant lamp Tibeta 02 of the Spanish manufacturer Bover has a lampshade made of shiny metallic aluminium. The lamp shade of this pendant has a diameter of 18 cm, is 12.6 cm high and has regular twisted cross grooves. Inside the lamp shade there is a diffuser made of methacrylate, which directs the light downwards without glare. This LED pendant lamp is available in the surfaces antique brass, brilliant copper or with a black chrome alloy. The canopy of the Bover Tibeta 02 pendant light has a diameter of 11 cm. This pendant light has in the surface antique brass as well as in the surface chrome black a black cable, in the surface copper brilliant a copper coloured cable. The cable of this LED pendant lamp can be shortened if required. Hanged in combination to several lights, the pendant light Bover Tibeta 02 can create a practical lighting in the living-dining area or in the restaurant. This on-site dimmable (TRIAC) light changes the colour temperature from 2900-3200 Kelvin when dimmed.
