Technical details

Land van fabricage	 Denemarken
fabrikant	Loom Design
bescherming	IP65
Omvang van de levering	LED
Diepte in cm	12
materiaal	aluminium, kristalglas
stralingshoek	100 Graad
LED	inclusief
Kleurweergave-index	80
Kleurtemperatuur in Kelvin	2.700 extra warm wit
lens diameter	11 cm
prestaties van het systeem	2 x 6 Watt
Totale lichtstroom in lm	640
Dimensions	H 7 cm

Omschrijving

The Loom Design Frey is an outdoor wall light that emits its light upwards and downwards at the same time. The light is focused in both directions by lenses to form a delineated cone of light. The two integrated lenses have a diameter of 10.7 cm each and are made of high-quality crystal glass. The integrated LEDs with a colour temperature of 2,700 Kelvin extra warm white emit their light upwards and downwards with an angle of 100 degrees each. The wall lamp made of die-cast aluminum is offered in white, corten or black finishes. The Frey has a height of 7.1 cm and a depth of 12.1 cm. With IP65 protection, this Loom Design lamp is dustproof and protected against water jets from any angle.
