Omschrijving

The Bomma Blimp Floor is a floor lamp with a mouth-blown glass made of crystal glass. Its glass has a diameter of 30 cm and emits light homogeneously in all directions, while the glass grooves create light reflections on the lamp itself. Each glass is mouth-blown in individual production, therefore small bubbles or irregularities can occur in the glass. The Blimp Floor Small has a height of 33 cm and is offered in the glass colours clear or amber. Its base consists of black matt powdered metal. The light source is an LED with a colour temperature of 2,700 Kelvin extra warm white.
