Oberfläche

- zwart
- goud

Technical details

Land van fabricage	 Tsjechië
fabrikant	Bomma
ontwerper	Jan Plecháč & Henry Wielgus
bescherming	IP20
Omvang van de levering	LED 230 Volt
materiaal	kristalglas, metaal, textiel
kabel kleur	zwart
kabellengte	180 cm
dimmen	dimbaar op locatie
base/versie	E27
schakelbaarheid	aan de lijn
Vermogen (max. Watt)	13 Watt
LED	inclusief
Schaduw diameter	23 cm
schermhoogte	37 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 41 cm

Omschrijving

The Bomma Lantern Table is a table lamp with a mouth-blown glass. In total, the lamp is 40.5 cm high. Its glass has a diameter of 22.5 cm and is made of crystal glass. Each glass is mouth-blown individually and is therefore unique, so that the colour shade and intensity can vary.

The Lantern table lamp is available in the glass colour smoke grey. During the production of the smoke grey glasses, clear crystal glass is mixed with coloured glass so that the glass colour does not fade. The lamp base is offered in the surfaces steel black matt powder-coated. The socket each have the matching surface as the base and is operated with a replaceable LED retrofit.
